#### INDEPENDENT AUDITOR'S REPORT

Honorable County Judge and Commissioners of the Commissioners Court of San Saba County, Texas County of San Saba San Saba, Texas

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of San Saba, Texas (the County), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County of San Saba, Texas, as of September 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-9 and 40-57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2019, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering County's internal control over financial reporting and compliance.

Kerin Shahan, CPA San Saba, Texas

December 15, 2019

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

In this section of the Annual Financial Report, we, the Commissioners of the County of San Saba, Texas, provide a discussion and analysis of the County's financial performance for the fiscal year ended September 30, 2019. Please read it in conjunction with the independent auditor's report on page 1 and the County's financial statements, which begin on page 10.

#### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and Statement of Revenues, Expenditures, and Changes in Net Position (on pages 10 and 11). These provide information about the activities of the County as a whole and present a longer-term view of the County's finances including property and capital lease obligations and other financial matters. These statements present the flow of total government-wide economic resources in a similar manner to financial reports of business enterprises.

Fund financial statements begin on page 13. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds.

#### **FINANCIAL HIGHLIGHTS**

- The County's net position increased \$2,567,524 or 41.0% from 2018 to 2019, as a result of increased grant income from the Texas Historic Commission, sales tax receipts, property tax receipts, offset by increases in capital lease obligations, general administration expenditures, public health and welfare expenditures and public safety expenditures.
- Total net position is comprised of the following:
  - (1) \$7,185,127 invested in capital assets, net of accumulated depreciation of \$8,066,494, and debt.
  - (2) \$447,682 of restricted funds related to constraints imposed from outside the County such as grantors, laws, special revenue contracts, and regulations,
  - (3) \$310,555 of restricted funds for payment of commitments on capital leases and notes payable
  - (4) \$877,850 of unrestricted funds, which represent the portion available to maintain the County's continuing obligations to the general public and creditors.
- Total general revenues received by the County increased \$332,331, or 7.9%. The County received \$3,409,676 in ad valorem tax related revenue collections in 2019, an increase from 2018 of \$342,818, or 11.2%. Sales tax allocation receipts decreased \$23,834, or 8.2%.
- Total expenditures increased by \$811,922, or 20.4% in 2019 compared to a decrease in 2018 by \$395,561, or 9.0%. Increased net pension liabilities and increased expenditures for general administration, public health and welfare, and public works led to the increased total expenditures. Depreciation expense for fiscal year 2019 was \$597,392.
- Debt outstanding for the County includes 2018 Series Tax Notes that have an outstanding balance as
  of September 30, 2019 of \$700,000. Additionally, capital leases were entered into in 2018 and 2019
  with Warren CAT for motorgraders and a backhoe at Precinct 3 and Precinct 2. The debt outstanding
  for the lease agreements as of September 30, 2019, was \$310,555, \$33,473 of which is due within
  one year.
- In the Governmental Statements on page 13, the County's General Fund reported total ending fund balance of \$526,944; \$426,944 of which has been assigned for stabilization funds, and \$100,000 of which is committed to a bank CD for local school funding. This compares to the prior year balance of \$1,720,906, resulting in a decrease of \$1,193,962, or 69.4%. The decrease is primarily the result of funds that have been expended for the courthouse restoration project in 2019.
- The County's grant revenues included \$37,283 related to Crime Victim's Assistance funding, \$8,395 for the Indigent Formula Grant, and \$48,800 for the Judge and County Attorney supplements. Grant receipts in the amount of \$2,482,337 were received from the THC Restoration Project in fiscal year 2019. Additional grant revenues of \$1,439,790 are expected from THC in the upcoming fiscal year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the County.

#### Government-wide Financial Statements

The County's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the County's overall status under GASB Statements No. 63, No. 65, and most recently No. 68. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the County-wide statement of financial position presenting information that includes all of the County's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall economic health of the County would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of County infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Revenues, Expenditures, and Changes in Net Position*, which reports how the County's net position changed during the current fiscal year. All revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinctively report governmental activities of the County that are principally supported by taxes, court costs and fees, and charges for services. All of the activities for the County in the Statement of Net Position and the Statement of Revenues, Expenditures, and Changes in Net Position are reported as governmental activities. Governmental activities include general government, public safety, public services, public works, administration of justice, culture and recreation, and education. Fiduciary activities such as funds which are passed on to state agencies, accounts held for minors according to court instructions, and "pass through" federal and state grant receipts, are not included in the government-wide statements since these assets are not available to fund County programs.

#### **Fund Financial Statements**

The Fund financial statements begin on page 13 and provide information about the most significant funds – not the County as a whole. Laws and contracts often require the County to establish funds to account for items such as federal and state grants and funds that are restricted as to their use. The County's Commissioners may establish additional funds to help it control and manage money for particular purposes to show that it is meeting legal responsibilities for using certain taxes, grants, and other resources.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the County's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term. Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to the government-wide statements to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the general fund, debt service, capital project, and special revenue funds. These statements and schedules demonstrate compliance with the County's adopted and final revised budget.

Fiduciary funds, such as accounts held for minors according to court instructions, funds "passed through" the County to state agencies, as well as "pass through" grant receipts are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund County programs.

#### Notes to the financial statements

The accompanying notes to the financial statements provide information that is essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin immediately following the basic financial statements.

#### Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain *Required Supplementary Information* including a Combining Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance for the Special Revenue Funds and the Capital Project Funds. In addition, a Schedule of Cash Receipts and Disbursements Compared with Budget is presented for the General Fund by Department as well as the Special Revenue, Capital Project, and Fiduciary Grant Funds by Department. Supplementary information follows the notes to the financial statements.

#### FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net Position. The County's net position increased to \$8,821,214 in fiscal year 2019 from \$6,253,690 in the prior fiscal year, or 41.0%. Additional information regarding Capital Assets is available in the Notes to the Basic Financial Statements. For the year ended September 30, 2019 and 2018, the net position of the governmental activities changed as follows:

(Table I)
San Saba County, Texas
Net Position

	Governmental Activities						
	2019	2018					
Current and Other Assets	\$ 2,557,887	\$ 3,501,498					
Capital and Non-current Assets	8,195,682	4,499,847					
Deferred Outflow of Resources	882,507	178,207					
Total Assets	11,636,076	8,179,552					
Current Liabilities	88,169	115,888					
Long Term Liabilities	1,658,203	1,026,014					
Total Liabilities	1,746,372	1,141,902					
Deferred Inflow of Resources	1,068,490	783,960					
Net Position							
Net investment in Capital Assets Restricted	7,185,127	4,229,719					
Debt Service	310,555	270,128					
Specific Projects	447,682	423,393					
Unrestricted	877,850	1,330,450					
Total Net Position	\$ 8,821,214	\$ 6,253,690					

Governmental activities for 2019 realized an increase in Net Position of \$2,567,524, or 41.0% in 2019, compared to an increase of \$1,365,477, or 27.9% in 2018. A portion of the Net Position is restricted as to the purposes for which it can be used, and a portion is invested in capital assets. Unrestricted Net Position – the

part of net position that is available for use in day-to-day operations without constraints established by legal requirements, debt covenants, donors or other legislation – decreased by \$452,600 to a total of \$877,850. An increase in grant revenues and property tax revenues, and an increase in deferred outflows related to pensions was experienced in 2019, which led to an overall increase in net position. County permanent improvements to the courthouse of \$4,012,221 and new Sheriff's department vehicles and equipment of \$115,707 increased the Net Investment in Capital Assets. Restricted funds for the Rylander Library Trust and other special revenue funds are detailed in Statement 14 in the notes to the financial statements.

	sition – beginning of year	\$ 6,253,690	\$ 4,888,213
Net pos	sition – end of year	\$ 8,821,214	\$ 6,253,690

As noted in Table II above, total revenues increased in 2019 by \$2,013,969, or 37.6%. This follows an increase in total revenues in 2018 of \$995,725, or 22.9%. Program revenues increased \$1,681,638 or 148% in 2019, mainly as a result of increased grant income from the Texas Historical Commission (THC), after increasing by \$656,160, or 137% in the prior fiscal year. Crime Victim's Assistance grant revenues were \$37,283 and the County Judge and Attorney annual supplements of \$48,800 remained relatively the same as in the prior year. THC grant revenues received were \$2,482,337 in 2019, compared to \$810,693 in 2018. Overall grant revenue funding increased at the County for 2019 by \$1,659,204. Additional grant revenues are expected in the coming fiscal year as the restoration project is concluded. Charges for services revenues also increased \$22,434, or 10.3% due to an increase in revenue generated by the court administrative fees compared to the prior year.

General revenues increased \$332,331, or 7.9%, from the prior year. The increase in 2019 was mainly a result of an increase in local property tax valuations, which led to an increase in property tax revenues as noted above. Additionally, interlocal revenues increased by \$8,349 mainly as a result of increased costs associated with local services. Interlocal agreements are held with the City of San Saba, Lubbock County, Burnet

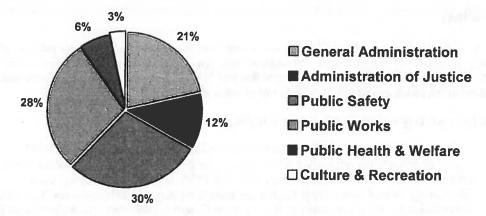

County and the City of Richland Springs to fund emergency medical services, municipal court services, dispatch services, professional services, and emergency management services.

Total ad valorem tax revenues increased in 2019 by \$342,818, or 11.1% following an increase of \$255,918, or 9.1% in 2018. The general fund property tax rate and the road and bridge fund tax rates decreased to 0.5850/\$100, and 0.1250/\$100, of property value. The property tax base has increased in recent years and is at approximately \$415M of taxable value. The values are expected to hold steady and potentially increase in the future, which should help to hold ad valorem tax revenues stable and/or increase for the County in the near-term. As can be seen in Table II and the pie chart above for fiscal year 2019, the County is heavily reliant on ad valorem tax revenues to fund governmental operations.

Sales tax revenues allocated from the Texas State Comptroller decreased in fiscal year 2019 by \$23,834, or 8.2% due to lower sales from local tourism and the completion of a local pipeline construction project that brought workers into the County in the prior year. License and permits revenues remained relatively the same as in the prior year as noted in Table II.

In general, expenditures followed an increasing trend compared to the prior year for County functions and programs. Inmate overflow, county permanent improvements, juvenile and indigent program expenditures, and salaries and health insurance expenditures increased in fiscal year 2019. The expenditures in Table II can be compared to the prior year by using the supplementary information attached to the annual financial statements, which show the expenditures by each department and fund for the County. The following pie chart presents a summarized picture of the County's expenditures for fiscal year 2019 based upon expenditures included in Statement 2 in the County financial statements:

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The adopted General Fund budget for fiscal year 2018-2019 includes revenues and expenditures of approximately \$3,947,768 (not including the THC permanent improvement line item). This is an increase compared to the prior year budget of \$440,000, or 11% as a result of increased budget expectations for law enforcement, inmate overflow, and salary and health insurance increases. Budgeted expenditures for the Sheriff department of \$662,532 are an increase of 19% from the prior year. New Countywide budgeted expenditures have also been included for principal and interest payments for outstanding debt. The County will have increased permanent improvement expenditures related to the ongoing THC Preservation project. The estimated project cost estimate is \$7.1M, of which the County is providing \$2.2M.

## CAPITAL ASSET AND DEBT ADMINISTRATION

#### Capital Assets

At the close of fiscal year 2019, the County had \$8,195,682 invested in a broad range of capital assets, including land, buildings and improvements, infrastructure improvements, furniture and fixtures, and machinery and equipment.

(Table III)
San Saba County, Texas

	Capita	Assets		
The Market State of the State o		Gover:	nment: ivities	al
		2019		2018
Land	\$	58,887	\$	58,887
Buildings and improvements		2,150,708		2,150,708
Infrastructure improvements		9,345,244		5,302,445
Furniture and fixtures		460,330		448,587
Machinery and equipment		4,247,007		4,014,322
and the first part of the year		16,262,176		11,974,949
Less Accumulated depreciation		(8,066,494)		(7,475,102)
Capital assets, net of depreciation	<u>\$</u>	8,195,682	<u>\$</u>	4,499,847

Major additions in 2019 included new vehicles and equipment for the Sheriff's department of \$115,707, in addition to \$4,012,221 paid for permanent improvements to the County courthouse related to the THC restoration project. Depreciation expense for capital assets in 2019 was \$597,392. The asset additions reduced by 2019 depreciation expense resulted in an overall increase of \$3,695,835 in net fixed assets for fiscal year 2019 compared to 2018.

#### Long-term Debt

At the close of fiscal year end 2019, the County had a long-term debt balance related to tax notes of \$700,000 outstanding, at an interest rate of 2.45%. In addition, one new capital lease agreement was entered into in fiscal year 2019 with Warren CAT for a backhoe at Precinct 3. The debt outstanding for the lease agreements as of September 30, 2019, was \$310,555, \$33,473 of which is due within one year.

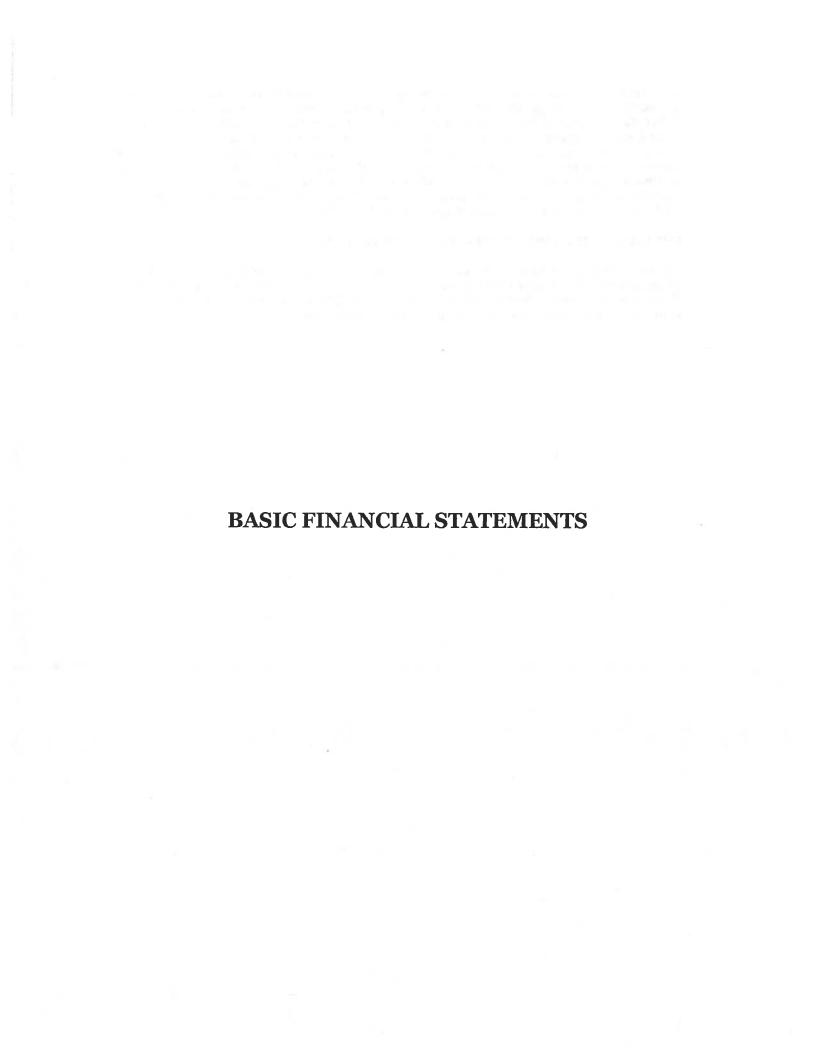

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

- The tax base for fiscal year 2019 is expected to remain stable at approximately \$415M.
- The 2019 property tax rates will remain the same for the General Fund at \$0.5850/\$100 of taxable property value; and the Road & Bridge Fund at \$0.125/\$100 of taxable property value
- The County entered into a grant funding agreement on July 22, 2016, with the Texas Historical Commission for the preservation of the San Saba County Courthouse. The estimated project cost estimate is \$7,161,456, of which the County is providing \$2,250,351. \$5,972,470 has been expended to date and reimbursements of \$3,471,314 have been received to date.
- The County has been approved for a federal FEMA grant for the 2020 fiscal year, which will provide funding for the improvement of county roads affected by recent floods in central Texas.

These factors were taken into account when adopting the County's budget for fiscal year 2019-2020. The adopted General Fund Budget for fiscal year 2019-2020 includes revenues and expenditures of approximately \$3,947,768 (not including THC capital grant expenditures). All expenditures for shared services including dispatch services, municipal court services, airport services, emergency medical services, regional public defender, and fire department services are paid by the County and an interlocal agreement, as outlined in the financial statement footnotes, have been entered into with the City of San Saba, City of Richland Springs, Richland Springs ISD, Burnet County, and Lubbock County to receive intergovernmental funding for the annual budget necessary to provide such services. The Special Revenue Budget adopted for fiscal year 2019-2020 includes revenues and expenditures of approximately \$1,646,742.

#### CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have any questions about this report or need additional information, contact the County's business office, at the County of San Saba, Texas, 500 E. Wallace, San Saba, Texas, 76877.

# SAN SABA COUNTY, TEXAS RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2019

Total Fund Balances - Governmental Funds  Amounts reported for governmental activities in the Statement	\$ 963,558
of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and are therefore, not reported in governmental funds. In addition, long-term liabilities are not due and payable in the current period and therefore, are not	
reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the	
governmental activities is to increase net position.	4,200,361
Current year capital outlays are expenditures in the fund financial statements,	
but are shown as increases in capital assets in the government-wide financial	
statements. The effect of capital outlays is to increase net position.	4,234,028
Current year principal payments on capital lease obligations are expenditures	
in the fund financial statements, but are shown as reductions in long-term	
debt in the government-wide financial statements. The effect of removing them is to increase net position.	21 727
them is to increase net position.	31,737
Current year principal payments on 2018 Series Tax Notes are expenditures	
in the fund financial statements, but are shown as reductions in long-term	
debt in the government-wide financial statements. The effect of removing	white
them is to increase net position.	100,000
Proceeds from current year capital lease financing provide funding sources	
in the debt service fund. The effect of removing the debt is an increase to	
net position.	70,103
Current year depreciation expense increases accumulated depreciation. The	
net effect of the current year's depreciation is to decrease net position.	(597,392)
The County's adjustment for GASB 68 includes the recognition of deferred	
outflows of resources of \$882,507 and a net pension liability of \$681,121;	
pension expense of \$323,690 (less subsequent payments); and deferred	
inflows of resources of \$228,857; the net effect of which is to decrease	
the net position.	(247,015)
Various other reclassifications and eliminations are necessary to convert	
from the modified accrual basis of accounting to accrual basis of	
accounting including a decrease in accounts payable and accruals of	65.004
\$31,834. The net effect of these transactions is to increase net position.	65,834
Net Position of Governmental Activities	\$ 8,821,214

# RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF REVENUES, **EXPENDITURES, AND CHANGES IN NET POSITION**

## YEAR ENDED SEPTEMBER 30, 2019

Reconciliation of change in fund balances - total governmental funds to the change in net position of governmental activities:

N	et change in fund balances - total governmental funds	\$ (1,212,590)
	Amounts reported for governmental activities in the Statement of Revenues,	
	Expenditures, and Changes in Net Position are different because:	
	Current year capital outlays are expenditures in the fund financial statements,	
	but are shown as increases in capital assets in the government-wide financial	
	statements. The effect of removing current year capital outlays is to increase	
	net position.	4,234,028
	Current year principal payments on debt and lease obligations are expenditures in	
	the fund financial statements, but are shown as reductions in long-term debt in the	
	government-wide financial statements.	131,737
	Depreciation is not recognized as an expense in governmental funds as it does not	
	require the use of current financial resources while governmental activities report	
	depreciation expense to allocate expenditures over the life of the assets.	(597,392)
	GASB 68 requires that certain expenditures be de-expended and recorded as	
	deferred outflow of resources. These contributions made after the measurement	
	date of 12/31/2018 increased net position by \$96,950. Additionally, deferred	
	outflows of resources related to pensions have been recognized as noted in	
	Note 7 Defined Benefit Pension Plan, in addition to pension expense of \$323,690;	
	the net effect of which led to a decrease in net position.	(27,758)
	Various other reclassifications and eliminations are necessary to convert from	
	the modified accrual basis of accounting to accrual basis of accounting. This	
	includes the change in payables and accruals; for which the net effect of these	
	transactions is to decrease net position.	39,499
Ch	ange in Net Position of Governmental Activities	\$ 2,567,524

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. General Statement

The accounting and reporting policies of the County of San Saba, State of Texas (the "County") related to the funds in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board (when applicable). As allowed in Section P80 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, the County has elected not to apply Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989. The more significant accounting policies of the County are described below.

#### B. Financial Reporting Entity

The County was formed in 1856 and operates using a commissioner form of government under the Constitution of the State of Texas and State Laws related to the various aspects of county government operations. The County's basic financial statements include the accounts of the County's operations, including all funds, account groups, agencies, boards, commissions, and other organizations over which the Commissioners exercise oversight responsibility. Oversight responsibility includes appointment of governing bodies, budget authority, approval of tax levies, securing outstanding debt by the County's full faith and credit or revenues, and responsibility for funding deficits.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. Based upon the application of these criteria and on the aforementioned criteria, the County has no component units. The following is a brief review of each potential component unit addressed in defining the County's reporting entity.

Included in the reporting entity:

#### San Saba County, Texas (Primary Government)

The County is a political subdivision of the State of Texas. The County is governed by the Commissioners Court, composed of four elected County Commissioners and an elected County Judge. Each of these officials serves a term of four years. The primary activities of the County include the construction and maintenance of county roads, provision of public safety through a sheriff's department, support of area fire protection and ambulance service, administration of justice, correctional facilities, health and welfare services, culture and recreation through libraries, and other social and administrative services.

For the year ended September 30, 2019, no other organizations have been combined for either blended or discrete presentation in the County's financial statements. The following organizations are not considered "related organizations":

Excluded from the reporting entity:

#### San Saba County Appraisal District

This is a separate entity providing property appraisal services to all taxing units within the county.

This entity has its own governing board and is elected by the various taxing units which it serves; however the taxing units do not designate management or significantly influence operations. The Appraisal District's cost of operations is divided on a prorated basis among the various taxing units within the county. San Saba County's share of this cost is disclosed within the appropriate funds and functions that levy taxes.

Other entities within the county that provide similar services but are not included in the reporting entity because they do not meet the criteria are municipalities, school districts, utility districts, hospital districts, and various non-profit organizations.

#### Inter-local Agreements

The County and the City of San Saba, Texas participate in joint activities that are very similar in many aspects, such as the need for law enforcement, medical services, and emergency responders in shared geographical areas. The County participates in several joint activities with the City of San Saba, Texas, Richland Springs ISD, and the City of Richland Springs, Texas, whereby resources are pooled and costs are shared with the goal of providing goods and/or services to the general public of San Saba County, Texas. The County participates in the following joint activities, which are included in the reporting entity:

#### San Saba County Emergency Medical Services (EMS) and Emergency Management

The County is responsible for overseeing countywide emergency management and medical services whereby professional emergency personnel respond to calls for emergency management and/or medical assistance. The demand for emergency services continues to rise each year as the population increases and more people need such assistance. San Saba County municipalities share in funding the operations each fiscal year through inter-local agreements whereby the City of San Saba, Texas reimburses the County for 44% of the total cost of the current EMS service contract and \$8,520 per month related to Emergency Management Services. The City of San Saba paid \$99,000 to the County for EMS services in 2019. The City of Richland Springs also shares in funding EMS services through an inter-local agreement whereby the City of Richland Springs reimburses the County for 4.5% of the total cost of EMS service contract. The City of Richland Springs paid \$10,125 to the County for EMS services in 2019. The County contracts with an outside emergency medical service company, currently Lifeguard Ambulance Services, to provide emergency medical services to the citizens of San Saba County.

#### San Saba County Emergency Dispatcher Services

San Saba County provides dispatching services from the San Saba County Jail in the case of emergencies involving medical, fire, and police. The City of San Saba, Richland Springs ISD, and the County share in the cost associated with dispatching services for criminal activity, domestic violence, fire, and emergency medical services. The City pays \$6,896 per month to cover its share of agreed upon services.

#### San Saba Volunteer Fire Department

This volunteer organization provides countywide emergency fire and rescue services whereby trained professionals respond to automobile, marine, and equipment accidents, as well as potentially disastrous circumstances such as grassfires and house fires. The County and the City of San Saba share in funding its annual operations. The County records its 50% share of expenditures in the general fund. The City paid the County \$6,926 in fiscal year 2018-2019 for equipment and supplies related to fire department operations.

#### San Saba County Municipal Court Costs

An inter-local agreement exists between the City of San Saba and the County whereby costs are shared for municipal court functions. The City of San Saba reimbursed the County \$26,760 for the fiscal year ending September 30, 2019 for its share of expenses related to the inter-local agreement.

#### San Saba Municipal Airport

An inter-local agreement exists between the City of San Saba and the County whereby costs are shared for operations of the municipal airport located north of San Saba, Texas. No expenditures were incurred related to the inter-local agreement for fiscal year ended September 30, 2019.

#### Other

The County remains committed to sharing expenditures for joint activities with other municipalities and government offices. Additional inter-local agreements exist with the 33<sup>rd</sup> Judicial District for reimbursement of costs, the Texas Department of Motor Vehicles, Lubbock County, TX, Burnet County, TX, in addition to the City of Richland Springs for the sharing of road maintenance expenditures during the fiscal year.

#### C. Basis of Presentation

#### Government-wide Financial Statements:

The Statement of Net Position and Statement of Revenues, Expenses, and Changes in Net Position display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Revenues, Expenses, and Changes in Net Position demonstrates the degree to which the direct expenses of a given program are offset by program revenues. *Direct* expenses are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers who purchase or directly benefit from goods, services, or privileges provided by a program, and (2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items that are not properly included among program revenues are reported instead as *general revenues*.

#### Fund Financial Statements

The County segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and fiduciary activities. These statements present each major fund as a separate column on the fund financial statements.

#### **Governmental Funds**

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus is on the sources, uses and balances of current financial resources. The County has presented the following major funds:

#### General Fund-

The General Fund is the main operating fund of the County and is always classified as a major fund. This fund is used to account for all financial resources not legally or administratively required to be accounted for in other funds.

#### Special Revenue Fund -

The Special Revenue Funds are used to account for the proceeds of specific revenues that are legally restricted to expenditures for designated purposes.

#### Capital Projects Fund -

The Capital Projects Fund is used to account for resources restricted for the acquisition or construction of specific capital projects. Generally, the Capital Projects Fund includes monies derived from state and federal grants that are obtained by the County. The Capital Projects Fund does not include a formal budget, thus it is included with the General Fund activity in Statement 7.

#### Debt Service Fund -

The Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal, interest and related costs on general long-term debt paid primarily from taxes levied by the County. The fund balance of the Debt Service Fund is reserved to signify the amounts that are restricted exclusively for debt service expenditures.

#### Fiduciary Funds (Not included in government-wide statements)

Fiduciary funds consist of trust and agency funds. The funds are generally used by the County Clerk, District Clerk, Tax Assessor Collector, and Justice of the Peace to account for assets held for other funds, governments, or individuals. In addition, the County has historically obtained grant funding for use by North San Saba Water Supply Corporation as well as local county residents through pass-through federal and state grant funds. The County often acts as a pass-through agent for the grant funds for such projects and therefore, accounts for them in the Fiduciary funds. Also included in the fiduciary activity is the IRC Section 457 Plan in which the County acts in a fiduciary capacity. Since agency funds are custodial in nature (i.e. – assets equal liabilities), they do not involve the measurement of results of operations.

#### D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the grantor have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting.

The revenues susceptible to accrual are property taxes, intergovernmental revenues, grant revenues, and investment income. All other miscellaneous revenue items are considered measurable and available only when the County receives cash. Investment earnings are recorded

as earned, since they are both measurable and available. See Note (1)G and (1)I, for property tax information and Note (6) for intergovernmental revenue information.

The County has presented the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the County, except those required to be accounted for in another fund. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the general fund.

The Special Revenue Fund accounts for the County Road and Bridge taxes, in addition to fees from auto registration, certificates of title, gross weight and axle fees, and approved expenditures for public transportation projects. The Rylander Library Trust, Indigent Defense, and other miscellaneous judicial funds are also accounted for within the special revenue fund.

The Capital Projects Fund is used to account for resources restricted for the acquisition or construction of specific capital projects. Generally, the Capital Projects Fund includes monies derived from state and federal grants that are obtained by the County.

The *Debt Service Fund* is used to account for the debt service associated with the County's road maintenance equipment.

Additionally, the County reports the following fiduciary funds:

The Agency Fund accounts for assets that the government holds on behalf of others as their agent.

#### E. Budgetary Data

#### **Budget Policies and Practices**

The Commissioners Court adopts an annual budget in September of each year for the general fund, all special revenue funds (Road and Bridge, Rylander Library Trust, Records Management County Judicial, Law Library, etc.), and the debt service fund. Once approved, the Commissioners Court may amend the legally adopted budget during the year when unexpected modifications are required in estimated revenues and appropriations. Unencumbered appropriations for annually budgeted funds lapse at fiscal year-end.

Legally authorized, non-appropriated budgets are also prepared for the capital projects funds. Expenditures for these funds are controlled on a project (or designated purpose) basis and are carried forward each year until the project is completed or the grant award has been expended.

#### **Budgetary Control**

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by fund and by department. The legal level of budgetary control is at the department level. The County Treasurer has authority to transfer appropriation balances from one expenditure category to another within a department. Budget revisions are subject to approval by the Commissioners Court. The reported supplementary budget data notes the original budgeted amounts and the final budget, which was revised for amendments authorized

during the 2018-2019 fiscal year. Budgets are adopted on a basis consistent with generally accepted accounting principles.

With the exception of the District Court department who exceeded their fiscal budget by \$60, there were no other departments for the County that overspent their adjusted general fund budgets for FY2019, however expenditures of the following departments exceeded the appropriated line item budgeted amounts in fiscal year 2019 by more than \$100 for the following classes:

Department	Class	Amount of Expenditures over Budget
Country Judge	Other Supplies	361
Judicial Services/Dist Court	Appeals Record	1,156
Countywide	Professional Fees/Contract Lab	or 6,843
Countywide	Health Insurance	273
Precinct 1	Salary #1	114
Precinct 1	Salary #2	114
Precinct 2	Salary #1	114
Precinct 2	Salary #2	114
Precinct 4	Salary #1	346
Precinct 4	Salary #2	274
Road & Bridge	Insurance	473

#### F. ASSETS, LIABILITIES, AND EQUITY

#### Cash and Investments

The County maintains and controls a cash pool for the reporting entity. Each fund's portion of the pool is displayed on its respective balance sheet as "pooled cash and cash equivalents". In addition non-pooled cash and investments are separately held and reflected in the respective funds as "non-pooled cash and cash equivalents" and "investments".

The County considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

In accordance with GASB Statement 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", investments are stated at fair value. GASB Statement No. 31 also allows governments to value short-term, highly liquid debt instruments (i.e., money market investments, certificates of deposit) at amortized cost if those investments have a remaining maturity of one year or less at the time they are acquired. Short-term investments are reported at cost, which reasonably estimates fair value.

In October 2008, the Emergency Economic Stabilization Act of 2008 temporarily raised the basic limit on federal deposit insurance coverage from \$100,000 to \$250,000 per depositor. The signing of the Dodd-Frank Wall Street Reform and Consumer Protection Act made the higher amount of \$250,000 permanent in July 2010.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds". Short-term Interfund loans are reported as "Interfund receivables and payables". Long-term Interfund loans are reported as "advances to and from other funds".

#### Interfund Receivables and Payables

Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

#### **Capital Assets**

The accounting treatment of property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or fiduciary fund operations, and whether they are reported in the government-wide financial statements or fund financial statements.

#### Government-wide Statements

In the government-wide financial statements, fixed assets, which include property, plant, equipment, and infrastructure assets are reported as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date of donation. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Revenues, Expenses, and Changes in Net Position, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of assets is as follows:

Buildings	25-50 years
Infrastructure	15-30 years
Improvements	10-20 years
Furniture and Fixtures	5-10 years
Machinery and Equipment	3-10 years

#### Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are capitalized upon acquisition and presented net of accumulated depreciation expense in the government-wide financial statements.

#### Compensated Absences

The County Commissioners have adopted a policy whereby employees are paid lump sum payments for unused vacation time when they terminate employment with the County. Upon termination, up to 15 days of accumulated vacation at full pay will be paid if the employee meets prescribed conditions. The County does not pay its employees upon termination for accrued sick days.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the TCDRS and additions to/deductions from TCDRS's fiduciary net position have been determined on the same basis as they are reported by TCDRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Long-term Debt

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. Instead, the debt proceeds are reported as other financing sources and uses and payment of principal and interest is reported as expenditures. Issuance costs are reported as debt service expenditures.

#### **Fund Equity**

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Invested in capital assets, net of related debt consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes, mortgages, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position consists of net positions with constraints placed on the use either
  by (1) external groups such as grantors, creditors, contributors, or other laws or
  regulations of other governments; or (2) law through constitutional provisions of enabling
  legislation.
- c. Unrestricted net position all other net positions that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

#### Fund Statements

In order to clarify the relationship between reserved fund balance and restricted net position, the GASB issued Statement No. 54 to be implemented for periods beginning after June 15, 2010. The objective of the new statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. Fund balance reporting requirements were changed to depict the relative strength of the spending constraints placed on the purposes for which the resources can be used as follows:

Nonspendable fund balance – amounts that are not in spendable form (such as inventory) or are required to be maintained intact

Restricted fund balance – amounts that are constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority (the Commissioner's Court); to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint

## (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority

Unassigned fund balance - amounts that are available for any purpose not contained in other classifications

The County's policy is to first apply restricted resources to an expense and then unrestricted resources for the same expenses in the case where both restricted and unrestricted net position resources are available to pay for the expense. The County considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available.

## G. REVENUES, EXPENDITURES, AND EXPENSES

### Sales Tax

The County presently levies one half of one-cent (0.005) sales tax on taxable sales within the County. The sales tax is collected by the Texas State Comptroller of Public Accounts and is remitted to the County in the month following receipt by the Comptroller. The Comptroller receives the sales tax approximately one month after collection by vendors. The sales tax is recorded entirely in the General Fund.

San Saba County Appraisal District was created by authority of Senate Bill 621, known as the Property Tax Code, of the 66<sup>th</sup> Legislature of the State of Texas. The Appraisal District is controlled by a Board of Directors whose members are elected by the governing bodies of various taxing units with San Saba County. The Appraisal District does not meet the criteria for requiring inclusion of its operations as part of San Saba County.

## Ad Valorem Tax

Under the Property Tax Code, the San Saba County Central Appraisal District is required to appraise all real and personal property in San Saba County and may provide other services such as preparation of tax rolls and billings on tax collection services. A taxing unit may assess and collect taxes only from the appraisal roll prepared by the Appraisal District. Taxing units are charged a proportionate amount of the Appraisal District's budget for services rendered the taxing units.

The County has contracted with the Appraisal District to assess the values of property and to collect the tax revenue generated. The Appraisal District deposits monies received directly into the County Tax Assessor-Collector's bank account. The Appraisal District remits the monies received monthly to the County Treasurer for recognition of tax revenues in funds for which taxes were levied.

## Expenses/ Expenditures

On an accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable.

### **Interfund Transfers**

Permanent reallocations of resources between funds of the reporting entity are classified as Interfund transfers. For the purposes of the Statement of Revenues, Expenses, and Changes in Net Position, all Interfund transfers between individual governmental funds have been eliminated.

## (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Reservations of equity show amounts that are not appropriate for expenditure or are legally restricted for specific uses and purposes. Generally, the purpose is indicated in the fund name or account title on the face of the Statement of Net Position.

## H. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as a local governmental unit, the County is subject to various federal, state, and local laws and contractual regulations. An analysis of the County's compliance with significant laws and regulations and demonstration of its stewardship over County resources follows:

## **Fund Accounting Requirements**

The County complies with all state and local laws and regulations requiring the use of separate funds.

## Deposits and Investments Laws and Regulations

In accordance with state law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities. As required by 12 U.S.C.A Section 1823(3), all financial institutions pledging collateral to the County must have a written collateral agreement approved by the board of directors or loan committee. As reflected in Note (2), all deposits of the County were fully insured or collateralized, except for funds being held in a fiduciary capacity by the District Clerk as required by the 33<sup>rd</sup> Judicial District Court, which are included in Category 3 below in the Deposits Note 2.

### **Revenue Restrictions**

The County has various restrictions placed over certain revenue sources such as grants and contributions. These revenue sources involve contractual agreements entered into by the County whereby the funds may only be used for designated purposes as stated in the contract. Funds for Indigent Defense, Indigent Health, Rylander Library, Crime Victims Assistance, Texas Historical Commission, Texas Division of Emergency Management, and other various grant funds currently have such restrictions. On July 22, 2016, the County received a grant award of \$4,665,550 (subsequently revised to \$4,911,105) from the Texas Historical Commission for the restoration of the San Saba County Courthouse. The total estimated project cost is \$7,161,456, of which the County is responsible for \$2,250,351. Expenditures of \$4,012,222 were incurred on the project for the fiscal year ended September 30, 2019.

## I. AD VALOREM TAXES RECEIVABLE AND CALENDAR

The County's property tax is levied each October 1st, based upon 100% of the assessed value as of the prior January 1 for all real and personal property located in the County. A tax lien attaches to real property by state law on January 1 in the year of assessment to assure collection of property taxes levied. The tax rate for fiscal year 2019 (2018 tax levy) was \$0.7100 per each \$100 assessed value. \$0.5850 was allocated to the General Fund and \$0.1250 was allocated to the Road and Bridge Fund. The original 2018 tax levy on assessed valuations was \$3,366,799. Tax collections on current taxes assessed for fiscal year 2019 were approximately 98.6%.

## (2) DEPOSITS AND INVESTMENTS

Deposits at September 30, 2019, categorized by level of risk, are presented in the following table:

	Bank		Category		Carrying
	Balance	1	2	3	Amount
POOLED DEPOSITS	:10				
Pooled cash and cash equivalents					
General & Special Revenue	\$1,715,741	\$ 250,000	\$ 1,465,741	\$ -	\$1,546,144
NON-POOLED DEPOSITS					
Non- pooled cash and cash					
equivalents					
General Funds MMA					
	20,507		20,507		20,507
Sheriff Forfeiture	301		301		301
Fiduciary Funds					
District Clerk - Arrowhead	49,378	49,378			46,837
County Clerk	6,879	6,879			5,183
Ag Program	3,013	3,013			3,013
Justice of the Peace	19,067	19,067			3,374
Tax Assessor – Collector	27,511	27,511			27,511
County Attorney	15,096	15,096			15,096
County Available School	3,560	3,560			3,560
Minor account	698	698			698
Non-pooled certificates of deposit					
General Fund	100.000		100,000		100,000
Special Revenue	38,301		38,301		38.301
Fiduciary Funds	,		30,001		30,001
District Clerk	31,008	31,008		118 141	31,008
Total Deposits	\$2,031,060	\$ 406,210	\$ 1,624,850		\$1,841,533

As reflected above, all deposits of the County were fully insured or collateralized, except for funds being held in a fiduciary capacity by the District Clerk in the registry of the court as required by the 33<sup>rd</sup> Judicial District Court. The Court is fully aware that the funds have been placed in one banking entity and only insured up to FDIC limits of \$250,000. Upon settlement of the pending legal dispute, the funds will be disbursed by the District Clerk at the direction of the court.

Deposits were with the contracted depository bank in interest bearing accounts which were secured throughout the year by FDIC coverage and by securities conforming to the provisions of House Bill 1488 pledged to, and in the name of, the County. The County was adequately collateralized for all twelve (12) months during the year under the provisions of the Governmental Accounting Standards Board "Codification of Governmental Accounting Standards". Cash deposits held at financial institutions can be categorized according to three levels of risk. These three levels of risk are:

- Category 1 Deposits that are insured or collateralized with securities held by the County or by its agent in the County's name.
- Category 2 Deposits, which are collateralized with securities, held by the pledging financial institution's trust department or agent in the County's name.
- Category 3 Deposits which are not collateralized.

## (3) CAPITAL ASSETS

Capital assets for governmental activities for the year ended September 30, 2019, are as follows:

	 alance tember 30 2018	Additions	Ret	irements	Se	Balance eptember 30 2019
Land	\$ 58,887	\$ -	\$		\$	58,887

Infrastructure Improvements	(3,413,946)	(360,016)		-		(3,773,962)
Furniture & Fixtures	(410,430)	(17,471)				(427,901)
Machinery & Equipment	 (3,114,087)	(205,362)		6,000		(3,313,449)
Total accumulated depreciation	7,475,102)	(597,392)		6,000		(8,066,494)
Governmental Activities capital assets, net	\$ 4,499,847	\$ 3,695,835	\$		\$	8,195,682

Depreciation expense was charged to governmental activities as follows:

General government administration	\$ 340,857
Road and bridge	256,535
Total depreciation expense	\$ 597,392

## (4) LEASE COMMITMENTS

## Capital Leases

The County has leased certain vehicles and equipment, consisting of motor graders and related equipment to maintain the County's roads, under capital leases. The leased motor graders and related equipment have an aggregate cost of \$631,276 As of September 30, 2019, the following lease commitments are outstanding for San Saba County:

		Principal	Interest	Total(1)
Year ending September	30:			
2020	\$	33,473 \$	14,889 \$	48,362
2021		35,201	13,161	48,362
2022		37,018	11,345	48,363
2023		161,829	8,385	170,214
2024		43,035	4,122	47,157

(1) Lease Payments are due without demand. Nothing in the agreements constitute a pledge by the lessee of any taxes or other moneys, other than moneys lawfully appropriated from time to time for the lease payments owing under the agreement. To secure your obligations under the agreement, a continuing first priority security interest in each Unit (including any additional collateral) is granted to CAT, including all attachments, accessories and option features and all substitutions, replacements, additions, and accessions, and the proceeds of all the foregoing, including, but not limited to, proceeds in the form of chattel paper. The lessee authorizes the filting of such financing statements and will, at the lessee's expense, do any act and execute, acknowledge, deliver, file, register and record any document, which is deemed desirable to protect the lessor's security interest in each Unit and the lessor's rights and benefits under the agreement. At the lessee's expense, the lessee will protect and defend the lessor's security interest in the Units and will keep the Units free and clear of any and all claims, liens, encumbrances and legal processes however and whenever arising.

## (5) LEASE COMMITMENTS - Continued

## Operating Leases

As of September 30, 2019, the County had remaining operating lease commitments in the general fund of \$23,296 related to office equipment software and copier contracts. All leases are renewable one-year to five-year contracts. Expenditures related to such contracts for 2019 were \$90,900. Renewable month-to-month operating lease agreements to the Shook Family Trust, Mr. Robinson, and Arrowhead Bank for tenancy agreements are also in effect for \$4,750 per month.

## (6) LONG-TERM DEBT

In June 2018, the County entered into a Tax Note (the "Note") agreement for courthouse improvements (San Saba County Texas \$800,000 Tax Notes, Series 2018) in the original amount of \$800,000, with principal and interest payments annually at a rate of 2.45%, final maturity February 15, 2025. The outstanding balance of the Note at September 30, 2019, is \$700,000 and the debt is secured by pledged ad valorem taxes.<sup>(2)</sup>

(2) The County shall pay or cause to be paid all Note Obligations as provided in the Note Agreement. The Paying Agent/Registrar, as paying agent for the Note, shall calculate the amount of Note Obligations from time to time payable under the Note and make timely payment of the Note Obligations. Payment of Note Obligations that are paid by mail (as provided in the Note Agreement) shall be paid to the Person who is the Registered Owner at the close of business on the Record Date. The Paying Agent/Registrar shall maintain proper records of all payments of Note obligations. Upon the occurrence of an Event of Default, the Registered Owner may take any action, at law or in equity, to enforce the Note Agreement or this Order or to obtain any rights or remedies afforded by law. The Note Obligations shall be deemed discharged when such Note obligations have been paid in accordance with the terms of the Note; or become due (whether as scheduled or by prepayment) and an amount of money sufficient for the payment thereof has been deposited in the Interest and Sinking Fund or with the Paying Agent/Registrar; or the Note Obligations have been defeased by a deposit of Defeasance Assets pursuant to this Order.

## (7) INTERGOVERNMENTAL REVENUE

Revenue received from other governmental entities is classified according to the level from which the revenue is received:

Federal	State	Local	Total
\$45,678	\$3,301,758	\$ 239,847	\$ 3,587,283

## (8) DEFINED BENEFIT PENSION PLAN

Plan Description. The County of San Saba provides retirement, disability, and death benefits for all of its regular employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 677 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, TX 78768-2034, or by calling 800-823-7782. TCDRS' CAFR is also available at <a href="https://www.tcdrs.org">www.tcdrs.org</a>.

**Pension plan fiduciary net position.** Detailed information about the TCDRS fiduciary net position is available in a separately issued TCDRS report and is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, TX 78768-2034, or by calling 800-823-7782.

Benefits Provided. The plan provisions are adopted by the governing body of the employer, within the options available in the Texas State statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 or more years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service, but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

## Employees covered by benefit terms.

Inactive employees or beneficiaries currently receiving benefits:	29
Average monthly benefit:	\$827
Inactive employees entitled to but not yet receiving benefits	58
Active	48
Average monthly salary:	\$2,546
Average age:	52.39
Average length of service in years:	10.19

Contributions. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of the employee members. The deposit rate for employees is 7% of compensation, as adopted by the employer's governing body. Participating employers of the TCDRS system are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Employer contribution rates are determined annually and approved by the TCDRS

**Board of Trustees.** The Board hires independent outside actuaries to conduct an annual valuation to measure the funding status and to determine the required employer contribution rate for each employer plan. The County contributed using the actuarially determined rate of 8.4% for the months of the accounting year in 2018. Pursuant to state law, employers participating in the system must pay 100% of their actuarially determined required contributions on an annual basis. Investment income funds a large part of the benefits employees earn.

## NET PENSION LIABILITY

The County's net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at that date.

Asset valuation method and actuarial assumptions. When determining the actuarial value of assets for measuring a plan's funded status, TCDRS smoothes each year's actuarial investment gains and losses and recognizes them over a five-year period to better reflect the system's long-term investment horizons and to keep employer contribution rates more stable. The County's required contribution was determined as part of the December 31, 2018 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2018 include (a) an 8.0 percent investment rate of return (net of administrative expenses), and (b) projected salary increases of 4.9 percent. Both (a) and (b) included an inflation component of 2.75 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The five-year period helps stabilize employer rates while still ensuring that rates are reflective of current market conditions. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2018, was 13.6 years.

As of December 31, 2018, the most recent actuarial valuation date, the plan was 90.34% funded. The actuarial accrued liability for benefits was \$7,049,074 and the actuarial value of assets was \$6,367,953, resulting in an unfunded actuarial accrued liability (UAAL) of \$681,121. The covered payroll (annual payroll of active employees covered by the plan) was \$1,427,363, and the ratio of the net pension liability as a % of covered payroll was 47.72%.

TCDRS has adopted the replacement life entry age cost method, a conservative cost method and an industry standard. The goal of this cost method is to fund benefits in an orderly manner for each participant over their career so that sufficient funds are accumulated by the time benefit payments begin. Benefits are funded in advance as a level percentage of pay. The December 31, 2018 most recent actuarial valuation used the following assumptions in the measurement:

## **Actuarial Valuation Information**

Actuarial valuation date	12/31/15	12/31/16	12/31/17	12/31/18
Actuarial cost method	entry age	entry age	entry age	entry age
Amortization method	level percentage	level percentage	level percentage	level percentage
	of payroll, closed	of payroll, closed	of payroll, closed	
Amortization period in years	20.0	20.0	20.0	20.0

	smoothed value	smoothed value	smoothed value	smoothed value
Actuarial assumptions:	100			
Investment rate of return	8.0%	8.0%	8.0%	8.0%
Projected salary increases	4.9%	4.9%	4.9%	4.9%
Inflation <sup>1</sup>	3.0%	3.0%	2.75%	2,75%
Cost-of-living adjustments	0.0%	0.0%	0.0%	0.0%

Mortality rates were based on the RP-2000 Healthy Annuitant Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long-term rate of return on pension plan investments is 8 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Benchmark	Target Allocation	Geometric Real Rate of Return (Expected minus) Inflation)
Dow Jones U.S. Total Stock Market Index	10.50%	5.40%
Cambridge Associates Global Private		
Equity & Venture Capital Index	18.00%	8.40%

Cambridge Associates Real Estate Index	6.00%	6.30%
Hedge Fund Research, Inc. (HFRI) Fund of		
Funds Composite Index	13.00% 100%	3.90%

Discount rate. The discount rate used to measure the total pension liability was 8.1 percent. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses as required by GASB 68. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that County contributions will be made at rates equal to the difference

between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rates of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%.

## Changes in the Net Pension Liability / (Asset)

Changes in Net Pension Liability /Asset	To	otal Pension Liability (a)	Fiduciary let Position (b)	Net Pension ability/(Asset) (a) - (b)

## (8) GROUP TERM LIFE FUND

Plan Description. The County of San Saba participates in a cost-sharing multiple-employer defined-benefit group-term life insurance plan operated by the Texas County & District Retirement System (TCDRS). The plan is referred to as the Group Term Life Fund (GTLF). This optional plan provides group-term life insurance coverage to current eligible employees and, if elected by employers, to retired employees. The coverage provided to retired employees is a postemployment benefit other than pension benefits (OPEB). Retired employees are insured for \$5,000.

The GTLF is a separate trust administered by the TCDRS Board of Trustees. TCDRS issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for the GTLF. This report may be obtained by writing to the Texas County and District Retirement System, PO Box 2034, Austin, TX 78768-2034, or by calling 800-823-7782. TCDRS' CAFR is also available at <a href="https://www.tcdrs.org">www.tcdrs.org</a>.

Funding Policy. Each participating employer contributes to the GTLF at a contractually required rate. An annual actuarial valuation is performed and the contractual rate is determined using the unit credit method for providing one-year term life insurance. San Saba County, Texas contributions to the GTLF for the year ended September 30, 2019 were \$9,569, which equaled the contractually required contributions each year.

## (9) INTERFUND TRANSACTIONS

During the course of normal operations, the County has transactions between funds, including transfers or resources to provide funding as approved in the County's budget. The accompanying table reflects such transactions as interfund transfers as of September 30, 2019:

Transfer	To Debt	To Road	l & Bridge	To Special	To Capital	To	otal
From	Service Fund	General	Precincts	Revenue	Projects	Tra	insfers_
General							
Indigent Defense				\$15,802		\$	15,802
General	121,749					1	21,749
Road & Bridge							
General	87,766		1,093,419		1,529,885	2,7	11,070
Total Transfers	\$ 209,515		\$1,093,419	\$15,802	\$1,529,885	\$ 2,8	48,621

## (10) RISK MANAGEMENT

The County incurs risk in the areas of property and liability, errors and omissions, and law enforcement liability. Risk of loss for each of these areas is transferred to the commercial carriers. A public entity risk pool is a cooperative group of governmental entities joining to finance an exposure, liability or risk.

The County participates in a risk-sharing pool with the Texas Association of Counties for worker's compensation, wherein member counties pool funds and share in the risk of loss as a whole.

The County incurs risk in the areas of property and liability, errors and omissions, and law enforcement liability. Risk of loss for each of these areas is transferred to the commercial carriers. A public entity risk pool is a cooperative group of governmental entities joining to finance an exposure, liability or risk. The County participates in a risk-sharing pool with the Texas Association of Counties for worker's compensation, wherein member counties pool funds and share in the risk of loss as a whole.

Claims against the County are expected to be paid by that public entity risk pool. Should the pool become insolvent, or otherwise unable to pay claims, the County may have to pay claims. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the past three years.

## (11) LITIGATION

As of September 30, 2019, there are no pending lawsuits against the County.

# SAN SABA COUNTY, TEXAS RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE SCHEDULE OF CASH RECEIPTS AND DISBURSEMENTS - BUDGETARY BASIS YEAR ENDED SEPTEMBER 30, 2019

Reconciliation of change in fund balances - total governmental funds to the change in governmental activities on a budgetary basis:

Cash fund balance - cash receipts and disbursements budgetary basis	\$	362,810
Amounts reported for governmental activities in the Statement of Revenues,		
Expenditures, and Changes in Net Position are different because:		
The governmental funds statement of revenues, expenditures and changes in fund		
balance includes accrued payroll, employee vacation, and expenses that were		
payable as of the year end financial statement date. These payables and accruals		
increased the fund balance of the governmental fund balance.		156,334
Various other reclassifications and eliminations are necessary to convert from		
the budgetary basis of accounting to accrual basis of accounting. This		
includes the adjustments to receivables and the changes to other payables.		7,801
Fund Balance Governmental Funds	S	526,945
		220,210

The accompanying notes are an integral part of the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable County Judge and Commissioners of the Commissioners Court of San Saba County, Texas San Saba. Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of San Saba, Texas (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 15, 2019.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Saba County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Kevin Shahan, CPA San Saba, Texas December 15, 2019

#### SAN SABA COUNTY, TEXAS

#### Notes to Schedule of Expenditures of State Awards For the Year Ended September 30, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### General

The accompanying Schedule of Expenditures of State Awards presents the activity of all state award programs of San Saba County ("the County") for the year ended September 30, 2019. The County's reporting entity is defined in Note 1 to the County's basic financial statements. All state awards received directly by the primary government from state agencies are included in the scope of the State of Texas *Single Audit Circular* and are included on the Schedule of Expenditures of State Awards.

#### **Basis of Accounting**

The Schedule of Expenditures of State Awards presents all applicable state award programs of the County using the modified accrual basis of accounting for governmental funds, which is described in Note 1 to the County's basic financial statements.

#### NOTE 2: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported as expenditures in the Schedule of Expenditures of State Awards may not agree with the amounts in the related state financial reports filed with grantor agencies due to accruals that would not be included until the next report filed with the agency.

#### **NOTE 3: CONTINGENCIES**

The County participates in several state grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable as of September 30, 2019 may be impaired. In the opinion of management, there are no significant contingent liabilities relating the compliance with the rules and regulations governing the grants.

### REPORT OF INDEPENDENT CERTIFIED PUBLUC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Honorable County Judge and Commissioners of the Commissioners Court San Saba County, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of San Saba, Texas (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated December 15, 2019.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether San Saba County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Honorable County Judge and Commissioners of the Commissioners Court San Saba County, Texas

#### Report on Compliance for Each Major State Program

We have audited San Saba County, Texas' (the "County") compliance with the types of compliance requirements described in the State of Texas Single Audit Circular that could have a direct and material effect on each of the County's major state programs for the year ended September 30, 2019. The County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to the County's state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of Texas Single Audit Circular.

Those standards and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of County's compliance.

#### Opinion on Each Major State Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended September 30, 2019.

#### Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on

compliance for each major state program and to test and report on internal control over compliance in accordance with the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

## REPORT OF INDEPENDENT CERTIFIED PUBLUC ACCOUNTANTS ON THE SCHEDULE OF EXPENDITURES OF STATE AWARDS REQUIRED BY THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Honorable County Judge and Commissioners of the Commissioners Court San Saba County, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the County of San Saba, Texas (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and our report thereon dated December 15, 2019, expressed unmodified opinions on these financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements.

The accompanying schedule of expenditures of state awards is presented for purposes of additional analysis as required by the State of Texas Single Audit Circular, and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.
